b. Cllr Grant Fage, Biggleswade Ward Councillor

Cllr Fage noted that there is an ongoing audit on banking provision being conducted by Central Bedfordshire Council, which could benefit Biggleswade's banking situation.

5. **INVITED SPEAKER**

a. Northill Parish Council

Cllr Daniels highlighted that Northill Parish Council had three goals: to provide an update on planning; to understand Town Council's perspective; and to gain the Town Council's support. He raised concerns about the existing crossing on Footpath 7 and the dangers it poses to pedestrians. He also noted that the Local Cycling and Walking Infrastructure Plan consultation in 2022 had 100 responses linked to an A1 crossing, but that no provision was made when published. Cllr Daniels asked the Town Council to join with Northill Parish Council in objecting to any future applications and promoting an underpass over a bridge.

Members asked whether any contact has been made with Sainsburys in Biggleswade due to their proximity to the proposed crossing. Cllr Daniels responded that this has not happened but would be beneficial.

Members noted upcoming development on local roundabouts and the potential increase of traffic, making this crossing more unsafe and increasing the need for the crossing.

Members asked why an underpass would be better for that crossing. Mr Mike Wells responded that a bridge would include a long detour for pedestrians and cyclists and very tall in height. He highlighted that an underpass would be less costly than other highways projects and promote less road traffic in that area.

Members asked whether the underpass could also be used as a bridleway. Cllr Daniels answered that he hoped this could also be accommodated.

Members asked what the overall cost of a bridge or an underpass would be. Mr Wells noted that they have asked for this information from the developers and CBC, but the information has not been forthcoming yet.

6. MEMBERS' QUESTIONS

a. Members asked whether Items 9d and 9e could be discussed together as the topics were related. The Chairman agreed to this approach.

b. There were no matters arising.

9. <u>ITEMS FOR CONSIDERATION</u>

a. Meeting Schedule 2025-2026

b. Christmas Lights Tender – Expression of Interest

Members discussed the installation and removal of the Christmas lights and how best to schedule this around key events (e.g. Remembrance Day Parade, Twelve Days of Advent). Members agreed that the lights should not be installed before the parade, switched off on the 6th January 2026 and removed a minimum of 12 days after Christmas.

Members discussed the possibility of extending the specification to include more Christmas lights on adjoining streets to the High Street and having a laser light show as done in previous years.

Members <u>**RESOLVED**</u> to approve the Christmas Light Tender document and that it be discussed at the Town Centre Management Committee on Tuesday 18th February 2025 for any further specification suggestions.

d. Lloyds Bank Closure

Members discussed the upcoming closure of Lloyds in November 2025 and that the town will only have one building society remaining in Biggleswade (Nationwide), who have a national campaign promising keep facilities open until 2028. Members raised concerns about the impact this will have on residents and the need for a banking hub.

Member **RESOLVED** to:

- Formally request Cash Access to reassess Biggleswade as a priority location for a banking hub, given the changed circumstances.
- Engage with local stakeholders, including Cash Access, the Post Office, local businesses and residents, to push for the establishment of a banking hub.
- Write to the local MP and bank representatives to ensure financial services remain accessible in Biggleswade.
- Support the local Postmaster's efforts to bring a banking hub to Biggleswade by facilitating discussions with relevant banking bodies and advocating for a swift resolution.
- Write to Lloyds Bank PLC to express the Council's disappointment in their decision made without public consultation. The Town Council also seeks reassurances that alternative banking provision be made available for those customers reliant on branch transactions. The Council should also express concern that with the branch closure there will be fewer ATMs in the town operated by banks or building societies.
- Write to CBC Officers regarding the ongoing audit of banking provision in the area.
- Approach local Councils to gain their support and understand their concerns relating to the reduction of banking facilities in the local area.

e. Establishment of a Banking Hub in Biggleswade

Members **RESOLVED** the above resolutions for both items.

3. CHAIRMAN'S ANNOUNCEMENTS

The Chairman indicated that he had no announcements; however, he indicated that he wanted to keep the matter of banking hubs and cash access in Biggleswade on the agenda of future TCM committees in order to inform the public of any developments.

4. PUBLIC OPEN SESSION

Anna, Leader of Biggleswade LGBTQ+ Group

Anna, representing the LGBTQ+ Group at the meeting, urged the Committee to reconsider the Council's flag policy, which currently prevents the Progress Pride Flag from being flown during Pride Month.

She expressed the disappointment of the group's 30 members that the motion had not been fully passed in December and emphasised that allowing the flag to be flown would showcase Biggleswade as an inclusive and diverse community.

Anna also highlighted that revising the policy would be a meaningful way for the Council to acknowledge LGBT History Month and take an important first step toward making Biggleswade a more inclusive and prouder town.

5. **INVITED SPEAKER**

None.

6. MEMBERS' QUESTIONS

Cllr. Skilton raised three questions for the Committee.

First, he questioned the absence of the Town Clerk and the Head of Governance & Strategic Partnerships from the meeting, given the significance of the policy discussions. He suggested that this matter could be addressed by the Personnel Committee to prevent a recurrence.

The Chairman acknowledged the concern, noting that Mr. Bour was also a Senior Manager of the Council but agreed that the matter could be raised with the Chairman of the Personnel Committee.

Cllr. Skilton then highlighted concerns from a resident regarding the lack of disabled parking bays in Town Council car parks, particularly at Chestnut Avenue. Given that this issue had been raised before, he asked whether an audit should be conducted to ensure compliance.

The Community Development Manager confirmed that all car parks were compliant but stated that when refurbishments take place, Officers would aim to enlarge some bays, particularly those designated for disabled parking. However, he clarified that access, paths, and railings fall under the responsibility of Central Bedfordshire Council and Highways.

Finally, Cllr. Skilton's third question pertained to the Town Centre Vision paper, which was scheduled for discussion in the Exempt session of the meeting. Cllr Skilton noted that there were no financial implications in the document to prevent the report from being discussed and put forward a motion to bring the item into the open session.

Members <u>AGREED</u> to bring Item 12, Market Square Vision Update Report, to the open session and the Chairman indicated that this would be discussed at the end of the meeting.

7. MINUTES AND RECOMMENDATIONS OF MEETINGS

a. The Draft Minutes were **APPROVED** as an accurate record of the Town Centre Management Committee held on **Tuesday 29**th **October 2024.**

8. MATTERS ARISING

P7 Item 8b. Members asked if there had been any response to concerns over accessibility. Officers responded that they still had not received any updated information and would chase this again.

P9 Item 10b. Members asked whether a date had been set for the next Business Forum. The Community Development Manager indicated that April was currently being discussed but would notify further once a final date was secured.

9. <u>ITEMS FOR CONSIDERATION</u>

a. Advertising & Sponsorship Policy

The Community Development Manager presented the report, highlighting that the Town Council had historically operated without an advertising and sponsorship policy. He explained that Officers had identified opportunities for the Council to consider appropriate sponsorship and advertising offers, which could generate additional income.

A draft policy was included in the report for Members to review and discuss.

During the discussion, Members noted that on page 16 of the agenda pack, section 4e of the policy stated that the Town Clerk would "provide expertise on whether advertising is the most appropriate marketing communication method." Members suggested revising this wording, as "expertise" was not the most suitable term.

While Members acknowledged that the draft policy was well-structured, they agreed that further discussion and refinement were needed before finalising it.

It was **RESOLVED** that the draft policy be circulated to all Council Members for review within a certain timeframe and then brought back to the next TCM meeting in April.

b. Flag Flying Policy

Members commented that it was good to see the draft policy back on the agenda with more progressive aspects than in the previous policy.

Members noted however, as with the previous policy, that there was not enough time to review it in the Committee meeting this evening.

Members also asked for clarification on P25 and 29 of the pack about which flags need consent and clarity on pole heights.

It was **RESOLVED** that the draft policy be circulated to all Council Members for review within a certain timeframe and then brought back to the next TCM meeting in April.

c. **Shop Window Competition**

The Community Development Manager presented the report, explaining that the idea of hosting a shop window competition was proposed by a Member with the intention of making it an annual event.

Members noted that a similar competition had previously been held alongside the Christmas Light Switch-On but was discontinued after several years as the same

individual won repeatedly. To address this, it was suggested that the competition could be divided into categories.

Members also discussed aligning the competition with another community event, such as a carnival or Christmas celebration. Additionally, they recommended renaming it to a Town Competition rather than a Town Centre Competition to ensure inclusivity for shops outside the town centre.

The Chairman mentioned that in informal discussions, he had suggested linking the event with Victory Day in July.

It was <u>**RESOLVED**</u> to adopt the recommendation, allowing Officers to develop and implement the concept in spring 2025, incorporating the suggestions raised by Members.

d. Christmas Light Tender

The Administration & HR Manager presented the report, explaining that the tender had been discussed at last week's Council meeting, where it was recommended for presentation to the TCM Committee. She noted that any suggestions made during this discussion would be incorporated into the tender before uploading it to the government platform.

However, Members pointed out that some of the issues raised during the previous Council meeting had not been reflected in the current document. Following a detailed discussion, Members highlighted the following key points for revision:

- Page 40 of the agenda pack: While the lights can be switched off on January 6th, it may not be feasible for the contractor to remove them entirely by that date, so the deadline should be removed.
- A single point of contact should be clearly identified in the tender document.
- Installation should take place only after Remembrance Sunday and Armistice Day, meaning no earlier than November 12th.
- The tender should include laser lights, as previously discussed.
- Consideration should be given to expanding the number of lighting locations across the town.

After further deliberation, Members proposed and **AGREED** the following:

- A cohesive set of lights with matching designs.
- 24 illuminated lampposts, including three additional ones on Station Road and Shortmead Street.
- Inclusion of laser lights for three weekends as a separate tender item.
- Final approval of the tender document by the Chairman of TCM before it is published on the tender portal on February 21st, 2025.

10. <u>ITEMS FOR INFORMATION</u>

a. **Drove Road Chapel Update**

The Community Development Manager presented the report, confirming that the three-year restoration project for Drove Road Chapel had now been successfully completed.

Members praised the project and welcomed the improvements made to the chapel. They emphasised the importance of acknowledging the consultants' report and ensuring the work carried out is properly maintained.

To preserve the restoration efforts, Members recommended that Officers implement a regular maintenance programme, with updates reported to the TCM Committee on a routine basis.

The Head of Finance assured Members that a comprehensive maintenance plan is already in place, managed by the Public Realm Manager and the Head of Governance & Strategic Partnerships, covering all Council assets.

Members agreed to **NOTE** the following:

- The extensive work completed by Officers and the significant improvements achieved across all three phases of the project, including the chapel and perimeter walls.
- The project is now being closed, with the un-consecrated side to be marketed at competitive rates.
- A ceremonial opening of the restored chapel is being planned for early spring.
- A regular maintenance programme will be implemented to ensure the restoration remains in good condition and does not fall into disrepair.

b. **Biggleswade Carnival Fair 2025**

Members **NOTED** that the Carnival Fair would be held on the $19^{th} - 22^{nd}$ of June and the confirmation that the Carnival Parade would not be taking place this.

The carnival committee will be focusing on an enhanced duck race.

c. Market Policy

Officers reviewed the current Market Policy and believed it to be fit for purpose; however, a future update will be required to include Martin's Law and the Market Square electrical upgrades.

Members noted that a copy of the policy was not included in the agenda in the belief that it was not needed.

Members **AGREED** that the policy is brought to the next TCM agenda for review and for it to include Martin's Law and the market electrical upgrades.

d. <u>UK SPF Update</u>

Members **NOTED** the hard work taken on with the UK SPF partnership and welcomed the ongoing projects around town with different organisations.

e. <u>Permanent License Application – Jo's Ices Ltd</u>

Members commented however that the application represented a degree of unfair competition to other businesses in town. Other concerns included the loss of parking in the town centre

Members **NOTED** the application made and would wait for the governing body – Central Bedfordshire - to formally inform the Council.

11. Market Square Vision Update Report

After Members decided to move this item from the Exempt session into the public session, the Community Development Manager presented the report. He explained that Officers had worked with consultants to produce a condensed first draft based on the original Member-led and agreed version.

Members were given until 3rd March to submit comments and suggested revisions, after which Officers would incorporate the feedback.

During the discussion, Members raised the following concerns:

- The document establishes a policy and vision without any public consultation.
- While the concept is strong, it may not be practical in implementation.
- The original Working Group draft was more comprehensive, and the condensed version does not fully reflect its intent.
- The wording should be aspirational to align with the Council's long-term vision.
- The document does not clearly outline which elements were agreed upon and which remain in question.
- Although the draft mentions pedestrianisation, it lacks details on alternative parking solutions and does not address how elderly and disabled individuals would navigate these changes.

Following discussions, Members **AGREED** on the following actions:

- The Working Group should reconvene for one session to allow Members to properly critique the documentation from the consulting firm.
- If the document is finalised in time, it should be presented to Council in April.
- Once approved by the Council, the document should be shared with the broader community and important key stakeholders notably CBC.

12. PUBLIC OPEN SESSION

<u>Reason for proposal:</u> For avoiding danger to persons or other traffic and/or for preventing the likelihood of any such danger arising; For facilitating the passage of traffic on the road or any other road of any class of traffic (including pedestrians). More specifically, the waiting restrictions are intended to address indiscriminate parking and to ensure that junctions are not obstructed by parked vehicles.

Effect of the Order:

To introduce No Waiting at any time on the following lengths of road in Biggleswade:-

- 1. Lawrence Road, west side, from a point approximately in line with the front property boundary of No. 1 Lawrence Road and extending in a south-easterly direction for approximately 60 metres.
- 2. Lawrence Road, north side, from a point approximately in line with the eastern property boundary of No. 3 Lawrence Road and extending in a generally westerly direction and then following the curvature of the road north for a distance of approximately 10 metres, ending at a point in line with the front property boundary of No. 1 Lawrence Road

Subject: COMMUNITY GOVERNANCE REVIEW

Dear Chair

We will be conducting a Community Governance Review (CGR) for the whole of the council area starting on the 30th June 2025. To enable Town and Parish Councils to fully engage with the process we are giving you advance warning of the consultation, so that you have time to discuss with your councillors and residents. Attached is a PDF of the parish area.

The review will consider:

- the creation, merger, alteration or abolition of parishes;
- the naming of parishes and the style of any new or revised parish;
- electoral arrangements for existing parishes including council size, the number of councillors to be elected to the council, parish warding, and
- grouping parishes under a new common parish council with any of their surrounding areas.

If you are looking to alter boundaries between neighbouring parishes then please make sure that you have had formal discussions with the appropriate council(s)/residents before submitting your response to the consultation.

You can find more information about how a CGR is conducted www.gov.uk/government/publications/community-governance-reviews-guidance

If you have any queries please contact either Brian Dunleavy (0300 300 4049) or myself 0300 300 6284.
