d. **Public Spaces Protection Orders**

From 20 October new legislation will come into force to regulate any activities in public spaces which a local authority believes have a 'detrimental effect on the quality of life of those in the locality' – or is likely to do so.

Ministers insist so-called public spaces protection orders (PSPOs) are intended to clamp down on anti-social behaviour, such as spitting and aggressive begging.

Anyone flouting the order will be liable to an on-the-spot fine, normally between £70 and £100, from a police officer, PCSO, council worker or security guard employed by the town hall.

Members are asked to consider contacting CBC and the Police for more information and guidance on this new legislation.

Cllr G Wilson asked what will happen if offenders decline to give their name and addresses? He requested further information on this.

Cllr B Rix said that members of the public have brought this issue to his attention, but more so with the parking rather than with spitting and aggressive begging.

Cllr Mrs W Smith I am interested in the parking aspects, but there is no point in going forward unless the police are available to enforce.

Cllr P Biernis stated that nobody had been fined in the last twelve months in Central Bedfordshire for dog fouling or litter.

Cllr S Watkins asked Cllr B Rix what his understanding was on the new legislation.

Cllr B Rix replied it does not widely involve spitting and begging, but should involve other issues such as parking.

It was **RESOLVED** to contact CBC and the Police and obtain further guidance and details on the legislation.

e. **Pedestrian and Cyclist East-West access across North-South barriers in the town**

Cllr B Rix has raised concerns regarding pedestrian and cyclist access from the town to the countryside on west.

The new long-a-bout on the A1 is causing problems for pedestrians and cyclists as would the closure of pedestrian rail crossings.

Members are asked to consider contacting CBC to ask them to take the needs of pedestrians and cyclists into account for any future changes or developments.

Cllr B Rix raised his concerns about the new long-a-bout, and the problems encompassed for both

pedestrians and cyclists when accessing the countryside from the town. He is an avid walker and crossing the A1 has become extremely dangerous. No provision has been made for cyclists and pedestrians and there are concerns about the Health and Safety aspects of crossing, especially as there are threats about the closing of crossings along the rail network.

Cllr Mrs W Smith said that over the years we have had many meetings with BRCC who were aware there was going to be a problem, and this needs to be re-addressed, we need to ask BRCC if they have made any provision.

The Town Clerk confirmed he had spoken with BRCC two years ago and had advised them at that time to consider discussions with the relevant bodies around ways of introducing as part of the development access across the A1.

Cllr B Rix - someone has improved the path that runs from Mill Lane to Jordan's Mill across the field, but it stops 5 yards short of the cattle creep that takes you under the A1.

Cllr Mrs W Smith - the introduction of this path has been an idea for a long time, the river path was not safe at the time and it was agreed to approach the land owner for an additional path.

Cllr P Biernis felt that moving the path was better than nothing.

Cllr Mrs M Russell did not agree and felt that more and more of the Kingfisher Way was being taken away from the river.

Cllr D Albone felt there was a need for the cycleway and the path as the path in some places is nearly impassable.

Cllr S Watkins asked if there were any further comments.

It was **RESOLVED** that Central Bedfordshire Council are contacted to ask that they take the needs of pedestrians and cyclists into account for any future changes or developments; that BRCC are also contacted to provide an update on the progress of the cycleway.

f. **Request to install a bench on the banks of the River Ivel**

The following email was received:

Dear Sir/Madam,

I have not long ago finished the NCS course (National Citizens Service) and part of the course is going on to doing something for my local community as a team of 8.

As a team we have decided to raise money for Wills Fund. Will is one of our friends who has recently drowned in the river in Biggleswade and we would firstly like to raise awareness of the dangers of drowning in rivers, and secondly we would like to install a bench with a plaque remembering Will, in the area where he drowned. Around the bench we will also like to landscape the near ground planting flowers and making it look like a nice area for perhaps old aged people to sit at and enjoy the view.

Our course is government a funded scheme and we also have a graduation where we present our projects on a big screen to the mayor of Bedfordshire and 400 other people including many other teams who are also doing their social action and their parents. Every individual in each team will also receive a certificate signed by the prime minister.

Our graduation is on the 17th September and we will like to know as soon as possible if our plan can go ahead.

We plan to raise money for the bench by bag packing in Asda whilst at the same time raising awareness. With any money left over from the bench project we want to fund swimming lessons for people in the local community- any age and people who cannot already swim.

To summarise what we are asking, we would like permission to install a bench at 'The Wreck', the area at which Will drowned.

I look forward to your response.

Members are asked to consider this request.

Cllr S Watkins asked for any questions.

Cllr Mrs W Smith said this has had media attention and was a tragedy, if friends want to honour their friend and it fits with our rules and regulations I think this should go ahead.

Cllr B Briars agreed this was a good idea and it should be approved, I suggest they contact the Town Clerk to discuss the detail.

Cllr Mrs M Russell said she agreed, with exception of the planting, I would like to ensure that the Clerk and the staff are happy to take on any extra work.

Cllr Mrs W Smith highlighted how the work rate has increased, but I would not want to discourage them and would want the Town Council to act as the backstop and eventually take over.

It was **RESOLVED** that the Town Clerk write to confirm the Town Council approval for the scheme and that a meeting is arranged with the Town Clerk to discuss the detail.

#### 11. **ITEMS FOR INFORMATION**

There are no items for information.

#### 12. **PUBLIC OPEN SESSION**

A period of up to 15 minutes is permitted to allow members of the public to ask questions.

Mr Richard Mason raised the question, does the Town Council feel that the Bulletin is good value for money when Facebook is free.

Cllr S Watkins stated his thoughts on social media were close to Mr Masons, however when you consider the cost of the Bulletin per household, yes I do feel it is good value.

Cllr Mrs W Smith agreed with the Chairman that it was good value for money but the Town Council could find more to put in the Bulletin.

Mr Rob Green felt that the Bulletin should run alongside social media, however the Town Council could put more in the Bulletin that would engage with the public.

#### 13. **EXEMPT ITEMS**
